Employees

## Current Corporate Strategy at CAAP – Strategic pillars

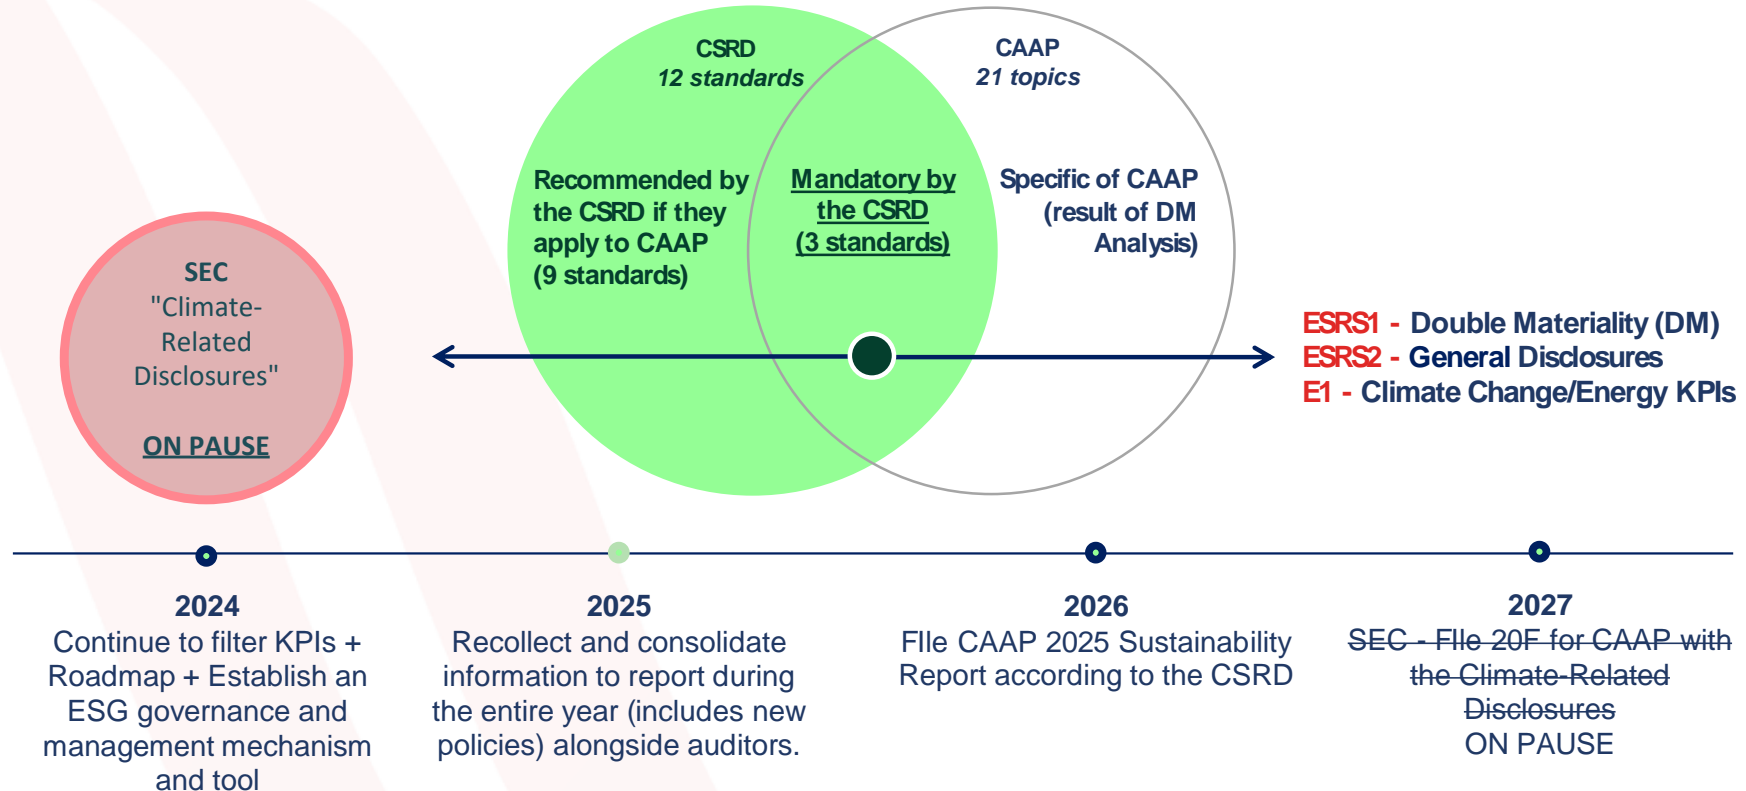

## Formalize CAAP Sustainability Structure

### Regulatory update: SEC is paused. CSRD postponed industry specific standards

## Current Corporate Strategy at CAAP – Strategic pillars

ESG Material Topics being assessed in the stakeholder survey and Risk and Financial perspective

### Environmental

1. Energy management and GHG reduction \*
2. Biodiversity management
3. Management of climate-related risks
4. Waste management and circular economy
5. Water and liquid effluent management
6. Noise management

### Social

1. Labor conditions & Occupational Health and Safety
2. Work climate \*\*
3. Human Rights
4. Diversity and inclusion
5. Empowerment of local destinations and support to communities
6. Public health, epidemics and phytosanitary controls

### Governance

1. Passenger experience \*
2. Corporate ethical behavior and regulatory compliance management
3. Economic performance & Investor Relations
4. Supply Chain Management
5. Governance and Risk Management
6. Infrastructure, accessibility and sustainable mobility
7. Operational efficiency \*\*
8. Commitment to airport safety \*\*
9. Technology & Information security

Blue = KPI/Policy scope already given by the CSRD

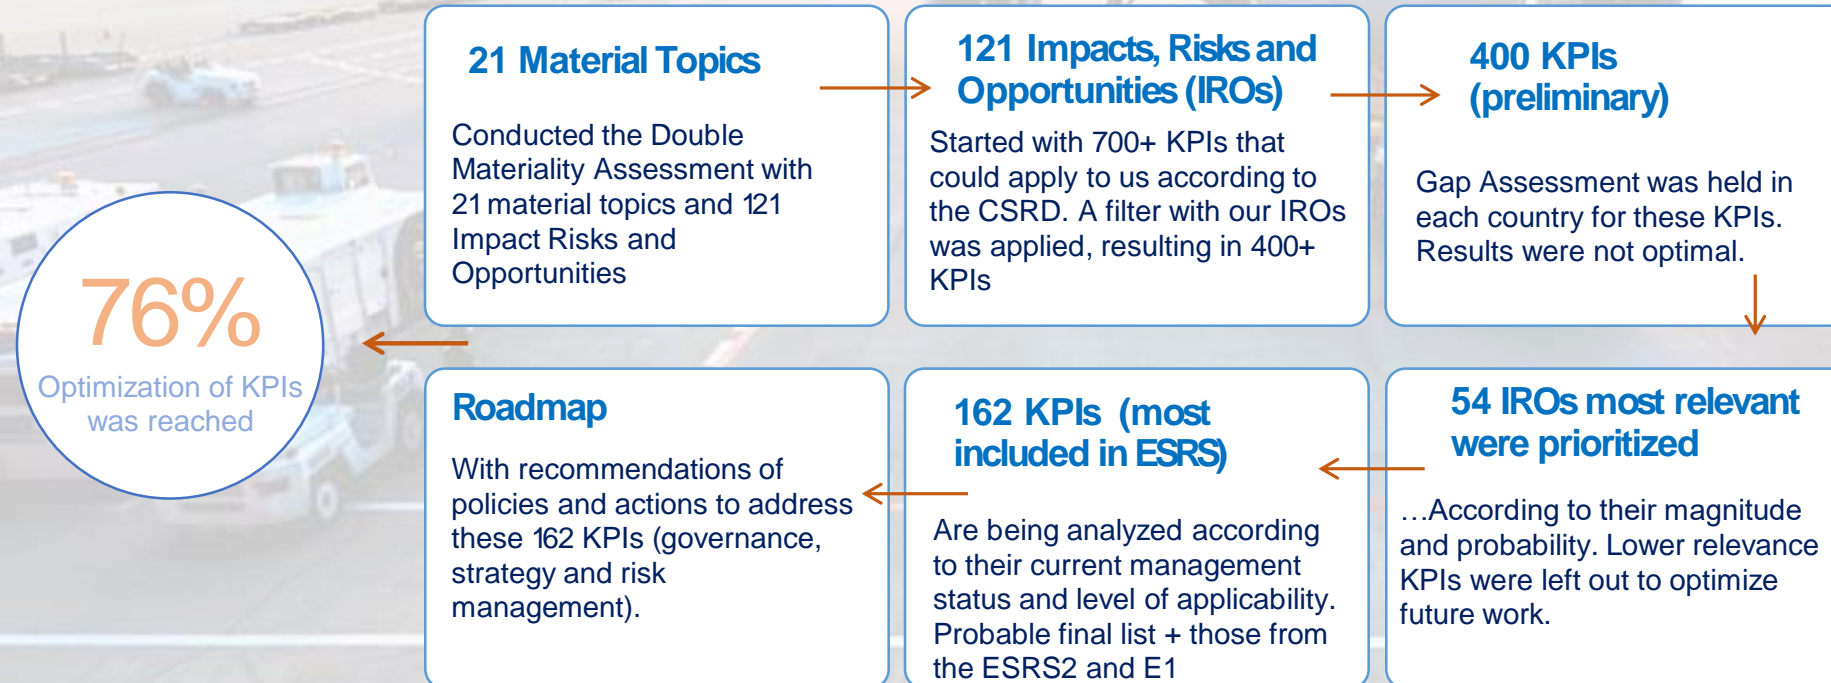

\*i.e. ACI's Airport Carbon Accreditation Program / \*\*i.e. Great Place to Work Survey (already part of CAAP's Corporate Strategy)

White = use our own KPIs / International airport/aviation standards (i.e ACI or ICAO) / Global Reporting Initiative (GRI)

\*i.e. ACI Airport Service Quality Program (ASQ) / \*\*i.e. ICAO & CAAP Safety Management System (already part of CAAP's Corporate Strategy)

**3 filtering stages-** Out of the 788 possible KPIs recommended by the CSRD of these material topic, CAAP has applied a filter according to its IROs and **only 400 could apply to us.** A Gap Assessment was held to filter out as many KPIs as possible.....  
**We are now on the range of 162 KPIs.**

## Summary of work

HOSTED BY:

# Thank you!
